

The City of Deephaven

A Statement of Compliance with the Construction Site Management Ordinance

The undersigned has read the Construction Site Management Ordinance and agrees to abide by all the conditions and requirements set forth in the ordinance and specifically agrees to adhere to the following ordinance requirements.

- 1) A statement that all garbage/debris on the site will be picked up daily.

- 2) A statement that the street will be swept clean once per week and that the applicant will endeavor to have sweeping take place on Friday, so the street is clean for the weekend.

- 3) A statement that the applicant has communicated with adjacent property owners that the project will be commencing and have provided them with contact information.

The applicant acknowledges that a violation of any portion of the Construction Site Management Ordinance of this statement will result in the placement of a stop work order on their project until such time as the applicant is considered, by city staff, in compliance with the requirements of the Construction Site Management Ordinance and this statement.
